

Compassion!!!

Based on the theme **COMPASSION** we agreed on a picture that is very symbolic. In this picture we see a compassionate father (God) holding the world in his hands. There are footprints in the form of a cross. We are those footprints. Our mission is to carry the compassionate love of Christ into the world every day. We have different tasks; in our ministries we involve different people who need our compassion. Sometimes all that is needed is a simple gesture; a loving touch, a warm smile or even just a handshake. As Sisters of the Holy Cross Sisters, we believe in the "Cross is Salvation". Our mission is to give love and hope to a broken and shattered world. When we do this we follow in the footsteps of Mother Bernarda who was compassionate to all. We ask the Lord to help us continue the mission that Mother Bernarda initiated.
